To Whom It May Concern,

If you are considering retaining **Springridge Construction** to handle your renovations and/or home improvements, it is with great enthusiasm that I recommend them for quality work, reasonable rates, and a higher-than-usual work ethic.

I first met the principals of the company when they wanted to purchase another home and asked me to be their Realtor. They purchased a property that had been seriously neglected, inside and out – but they saw the potential and assured me that they were not intimidated by a big job. They weren't kidding – the current state of their property (and its value) makes me smile.

As a Maple Ridge Realtor, I have introduced them to my real estate colleagues, my clients, and my friends, with confidence. Now that I am doing business in Vancouver, I feel quite comfortable recommending Chuck and his team to any prospects requiring quality work. His experience includes working with Shell Busey, with our province's lucrative film industry, to name only a fraction. He's fair, honest, and sets a high standard for his work. His team, comprised of Sue, Matt, and Al, are the best proponents this family business could have.

I wish them continuing success and encourage you to contact me directly if you have any questions. Happy renovations!

Cheers,

Mona Lamarche
